Wouldn't it be cool to know that you were *instrumental* in creating an exciting atmosphere that kids will be talking about for months? Want to do a little something extra to help the church? Then come join us in setting up for VBS as a Roar Constructor! Volunteer hours are very flexible for this opportunity. If you think you might be available for a few hours the week before (between 9 AM and 1 PM), please mark your possible availability on this form. You can stop in and out during the hours, but please let us know when you're stopping in! An email will be sent out before that week to invite people to help.
